

Your partner for digital transformation

Digital transformation is the future

\$100 trillion

is the cross-industry value of digital transformation over the next 10 years, according to the World Economic Forum*.

What you need to stay in the digital game

Bridge the old with the new

- Modernize your application portfolio
- Assess which legacy apps we need to keep
- Evaluate what equipment to keep and refresh

Revamp your governance model

- Make changes to technology, applications, processes and culture
- Adopt a user-centric approach

Modernize your application portfolio with Fujitsu

Balance

near-term costs with longer-term payoff

Create

the best user experiences

Optimize

existing apps to be cost-effective

Align

your budgets

Rationalize

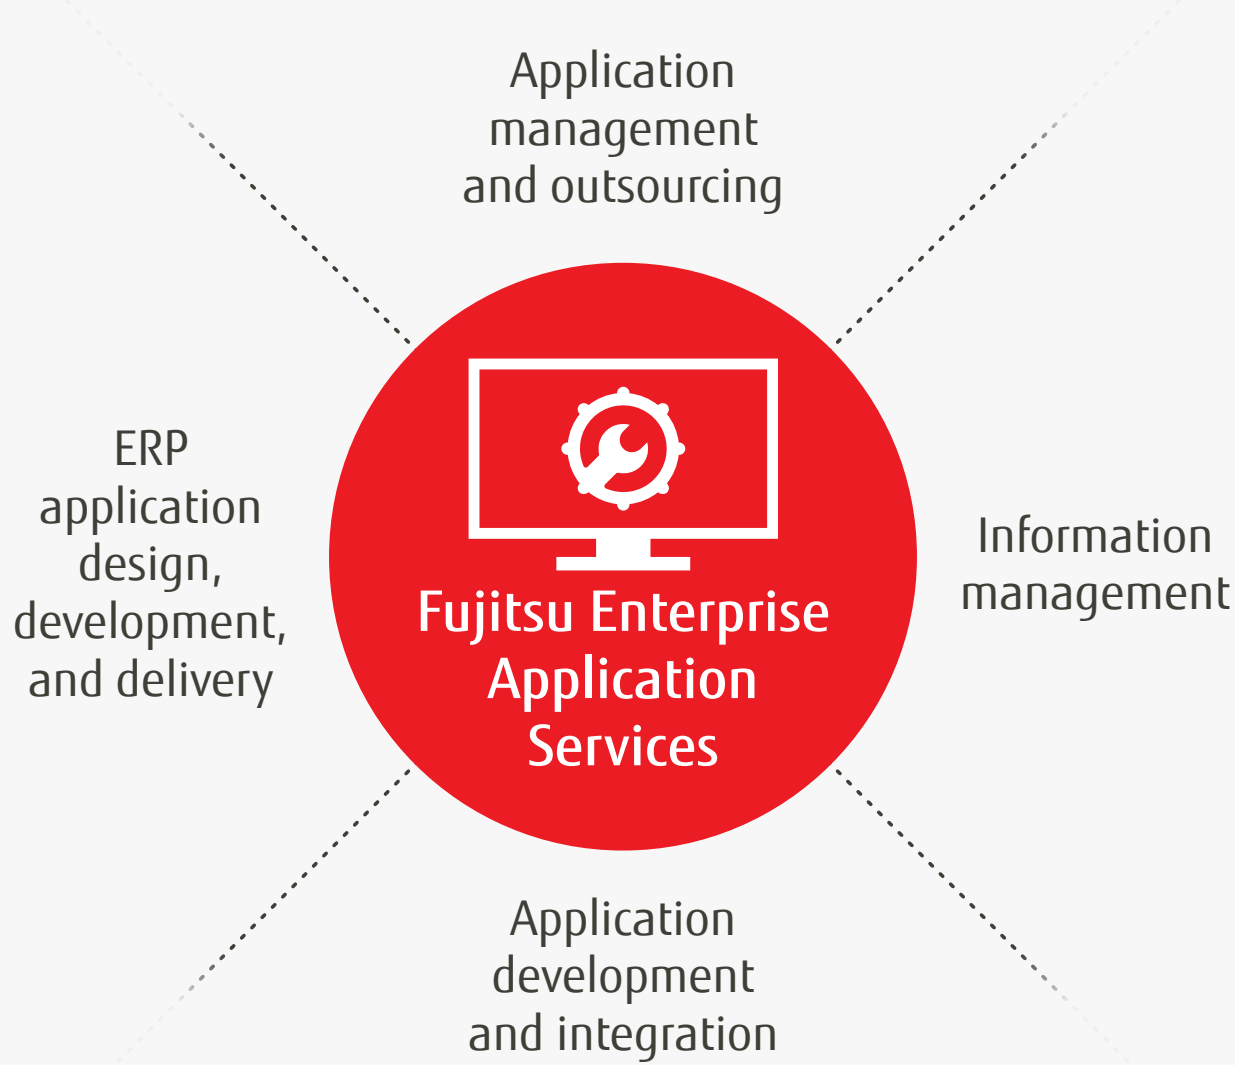

your apps

Assess

whether apps should be hosted on premise or in the cloud

Fujitsu can help you transform your application environment
